

# RHIC&AGS Users' Meeting at April (May) DNP Meeting

Vicki Greene  
RHIC&AGS UEC Meeting  
March 12, 2004

# Meeting Structure

- **Meeting date:**
  - Saturday, May 1; 5:30 P.M.
  - Denver, Colorado
- **Structure:**
  - Similar to DNP meeting-  
drinks and chips followed by  
brief introduction, 1-2  
presentations, general  
discussion

# General Thoughts

- DNP meeting was successful, but we would like to attract a broader (students & postdocs) crowd.
  - Part of the problem was scheduling conflicts with other events
- Given that the abstract submission deadline was during QM, attendance from RHIC Users might be unusually low
  - Should we slant meeting towards RSVP crowd since this is traditionally a big HEP meeting?

# Program Ideas

## (suggestions welcome)

- **Political:non-government (APS?) (funding, contacting congress, etc.)**
- **Political: government**
- **Career issues (students & postdocs)**
- **FVA issues (in the news a lot these days!)**
- **Something more fun?**

# To Do:

- Schedule speakers.
- Check again for schedule conflicts.
- Email notice to users
- Make sure event is in program.
- Make flyers for registration.
- Confirm food & drinks.
